

Rural Education Awards 2021

The Country Education Partnership established the Rural Education Awards to showcase the outstanding achievements and practices of education leaders, and educators, in Victorian Rural and Remote Learning Communities across all education sectors.

The award has operated for a number of years recognising outstanding rural education leadership with kind support from people such as Mr Baillieu Myer AO.

Aim:

To acknowledge the outstanding, and exemplary achievement and contribution of education leaders, educators and education organisations in supporting, providing and enhancing the provision of learning within rural and remote communities.

The Award recognises the reputation of Rural Education Communities and Partnerships as “Centres of Excellence”. It also acknowledges the endeavours that build a collective knowledge and recognises innovation that will enhance rural and remote education.

Focus:

The 2021 Rural Education Award will acknowledge the Inspirational and Innovative Educators, Education Leaders and Education Organisations who work collaboratively to provide learning within our rural and remote communities.

The Country Education Partnership invites rural learning communities (whether that be early years services, schools, or adult learning organisations) to nominate educators, education leaders, education teams, or clusters who have taken creative and innovative approaches to making a difference.

Award:

An amount of \$6,000.00 will be provided to the successful nominee to be utilised in further developing the initiative. The successful nominee will be required to provide a report at the CEP 2022 Annual General Meeting.

Rural Education Awards 2021

Criteria:

The criteria developed for the 2021 Rural Education Award will reflect the overall objectives of the Country Education Partnership:

- **The initiative has been guided by the needs of your education community, impacts positively on student learning, and provides a platform for students to articulate local needs, challenges, and solutions.**
- **The initiative supports the building of connections and partnerships, and enhances the capacity of your education community.**
- **The project is an innovative, place-based solution that positively impacts rural and remote education communities.**

The definition of rural for the purpose of the Rural Education Award includes those communities that are located:

1. at least one and half hours car travel from Melbourne CBD
2. at least 15 minutes from a regional population of at least 10,000 people
3. within a community population of less than 5,000 people.

Apply:

- **Application deadline SUNDAY 15 AUGUST, 11:59pm** via online form <https://bit.ly/3f4WlhF>
- As part of the application, nominees should describe how they have addressed the criteria listed above.
- The application **must be endorsed** by the governing body (eg school council), a senior management person (eg Principal or Manager), or chair of a cluster organisation.
- In support of your application, you **must provide the contact details of two referees.**
- Referees will be contacted if you are shortlisted. As a general guide, referees may focus on your achievements to date and why you are an outstanding candidate.

Given the significance, value and prestige of this award there is a rigorous selection process. The achievements of recipients will be celebrated at a state level, and in some cases at national and international level.
